HPP Program Disclaimer

- Scheduled Service must be performed within +2000 KM of recommended interval
- Follow monthly based intervals only if annual mileage is less than 25,000 KM
- It must be counted from In-Service Date and performed within ±15 days
- The program year-end tolerance is 3 days.
- Incomplete services are not reimbursed or performed out of schedule
- The program contains the described scheduled running maintenance activities. Does not include torque adjustment on wheels, chassis and body mounting bolts, replacement of belts or any rubber hoses or other wearable items.

All terms and conditions of these programs are subject to change at the sole discretion of Hino Motor Canada.
